Website Design Proposal for Rampart PAL: rampartpal.org

Overview

Accel has successfully helped design and implement web sites and web applications for clients for over 12 years. Accel proposes to provide Rampart PAL with a full package of website design, virtual activities, configuration, and maintenance services.

About Us

Accel provides a wide range of services including web design, web development, web hosting, SEO, and consulting. Accel offers customer-oriented services and delivers creative and effective results for all types of businesses, professionals, and entities.

Scope of Work

This proposal covers initial website design (Phase 1) and features as outlined below. Accel will design a website for Rampart PAL with the following content, features, and functionality:

- Responsive website design so content is compatible on both desktop and portable
- Home page stating the mission and goals of Rampart PAL, highlights of programs offered, and link to accept donation online
- Programs page with overview of the following programs: martial arts, wrestling, diversion, cadet, and approved virtual activities.
- Notice of requirement for registration with the Rampart PAL to participate in programs along with a link to download the registration form
- Online payment acceptance
- News page(s) containing highlight and image galleries of past Rampart PAL events
- Contact page with online form where submissions are emailed to designated contact
- Sponsor/Donate page with information on how to make an online monetary donation and how to become a sponsor in upcoming events
- Content on the website will be available in English and Spanish by clicking on a country flag icon and/or selecting the language from a dropdown box

Accel will integrate design features and functionality when such aspects will enhance the website design. Features and content subject to change based on client's ability to provide such information for the website. Services not listed in Fees section should be considered as additional and out of scope of this proposal.

Fees

The cost of the above Scope of Work is \$3,900.00. Ongoing website maintenance, including security updates, design modifications, content updates, and other work not included in a defined proposal, is billed separately and independently.

Terms and Conditions

Client shall pay Accel a 50% deposit to commence work on the project. Installment payments are accepted during the project timeline with the balance due upon project completion. Project is scheduled to be completed by June 1, 2020.

Payment terms are net fifteen (15) days from the date of invoice initiation or project completion date. Any amounts not paid within the thirty (30) days shall be charged an interest fee of 5% for each month (or portion thereof) any such payment is late.
