ABOUT Film L.A.

FilmL.A. is a private, not-for-profit organization that manages on-location motion picture, television and commercial production under contract to an ever-increasing roster of public sector clients, including the City of Los Angeles, Los Angeles County, and many other local jurisdictions.

We know that hosting filming in your neighborhood can bring unexpected challenges, along with valuable jobs and economic benefits.

Our objective is to uncover potential issues before permits to film are issued, so that filming-related concerns can be addressed.
